

Brush Hog

Over The Top Harvester

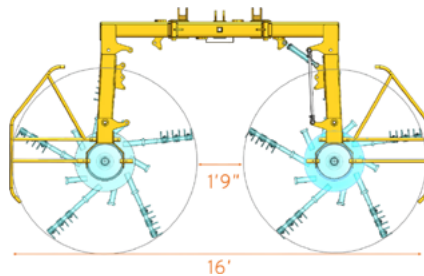

The OMC Brush Hog can rake in any conditions and replaces up to 30 employees when it comes to raking brush. The rake is built to run in the orchard. Perfect for tackling tough terrain and clearing debris.

- Dual-hydraulic motor-driven rake
- Hydraulically-adjustable working width
- Center material delivery
- Three-point hitch mount
- Four (4) caster-type wheels
- Rake guards for operator safety
- Powder coated finish
