

# Tractor Mount V-Sweeper

## Tractor Mount V-Sweeper

Designed for orchards with narrow rows and dense, bushy trees, the Low Profile Vee (LPV) Center Delivery Sweeper delivers proven performance in applications where a one-way sweeper cannot operate. Its low-profile V configuration allows efficient sweeping while maintaining clearance in tight orchard environments.

## Standard Features

TM-799 Low Profile V Sweeper available in 10', 12' and 14'

TM-500 5 Bar V-Sweeper Available in 14', 16' and 18'

TM-606 13' High Bar V Sweeper

TM-700 One Way Tractor Mount Sweeper 5 & 6 Bar Heads Available from 7'6"-9'-6"
